## **TRAFFIC MANAGEMENT ASSOCIATION OF AUSTRALIA (TMAA)**

### ***Our purpose***

The Traffic Management Association of Australia (TMAA) is dedicated to advancing the interests of the traffic management industry in Australia. As a peak body, it serves as a hub for professionals, businesses, and government agencies.

The TMAA promotes best practices, policies, and raises awareness about the importance of safe, effective, efficient, and sustainable traffic management solutions. We are involved in developing industry standards, upholding excellence, and building trust among stakeholders. The TMAA provides education and training opportunities, and through networking events, fosters connections and partnerships to promote knowledge sharing, innovation, and collective problem-solving within the community.

Government agencies play a crucial role in shaping traffic management policies and regulations. By joining the TMAA as Associate Groups, you'll gain a direct line to industry expertise and best practices. This collaboration fosters a deeper understanding of real-world challenges, allowing you to develop more informed policies and contribute to the creation of effective industry standards. The TMAA also provides a platform for knowledge sharing and collaborative problem-solving, ensuring your policies align with the evolving needs of the traffic management sector.

### ***Mission Statement***

*"The TMAA's mission is to lead, unify and achieve best practice within the traffic management industry."*

### ***Our Vision***

*"The TMAA's vision is a safe and zero harm traffic management industry across Australia."*

## **TMAA – THE VOICE OF THE TRAFFIC MANAGEMENT INDUSTRY**

## From the President

On behalf of the Traffic Management Association of Australia (TMAA), I am pleased to introduce myself and our association.

TMAA is the industry voice for approximately 70% of all traffic control companies in Australia. Established in 2011, we provide a platform for our Members and Associates to directly communicate with federal, state, and local governments, road authorities, training providers, industry suppliers, occupational health and safety providers, and other stakeholders.

The TMAA already enjoys close working relationships with federal ministers, state ministers, road authorities, SkillsDMC, Austroads, the National Transport Research Organisation, the SARAH Group, Roads Australia, AAPA, RIAA, and the CCF.

Our primary focus is to provide advice and expertise to our members within Australia, ensuring the modernisation and harmonisation of traffic control regulations.

We look forward to welcoming you to the TMAA and working together to achieve best practices and a safe, compliant national traffic management industry.

**John Cassel**  
**TMAA President**

## **Associate Group benefits**

### **Professional Development & Networking**

- Engage with a like-minded community: Collaborate and share best practices with industry professionals passionate about road safety.
- Gain industry insights: Get direct feedback and influence on proposed regulations, tendering processes, and public policies.
- Direct access to TMAA expertise: Request presentations or briefings from state/national TMAA representatives for your working groups.
- Build valuable relationships: Network with government (national, state, local), traffic management companies, industry suppliers, and key stakeholders.
- Connect with TMAA members: Directly engage with members to share information, gather feedback, and foster collaboration.

### **Stay Informed & Up-to-Date**

- Receive relevant industry & government communications: Stay ahead of the curve with timely updates on industry trends and government initiatives.
- Access exclusive resources: Gain insights through regular e-newsletters (The Road Ahead) and quarterly industry magazines (hard copy available).
- Participate in member-only surveys & datasets: Contribute to industry research and gain access to valuable data to inform your strategies.
- Advance your professional development: Enjoy access to TMAA and affiliated events with industry professionals and speakers.

### **Enhance Your Reputation & Credibility**

- Gain recognition as a TMAA Associate: Be recognised by a peak professional body, demonstrating your commitment to industry standards.
- Nominate your organisation for TMAA Excellence Awards: Showcase your achievements and gain industry recognition for your contributions to road safety.
- Demonstrate your dedication to road safety & TTM: Signal your organization's commitment to improving road safety and Traffic Transport Management (TTM) practices.

### **Additional Benefits**

- Discounted tickets to networking events: Connect with colleagues and expand your professional network at discounted rates.
- Invitation to attend the national conference: Engage with industry leaders and gain insights at the TMAA national conference.

By joining TMAA as an Associate Group, you gain access to a comprehensive package of benefits that will support your professional development, enhance your industry knowledge, and elevate your organisation's profile within the road safety community.

## **Associate Group Status**

- A person, firm, corporation, association, or institution carrying on business or has an interest in the Traffic Control Industry may be eligible for Associate Status if they satisfy the requirements of TMAA Rule 5.4.
- The TMAA Associate Group status is specifically reserved to Council or Government departments.
- An Associate Group may nominate one representative to represent their interests with the Organisation for any twelve (12) month period of their Associate Status.
- An Associate Group will not have the right to vote at a General Meeting of the Organisation.
- An Associate Group will have the right to attend and participate in all General Meetings of the Organisation.
- The number of Associate Groups is unlimited.
- An Associate Group will be required to pay an Associate fee as set out on the TMAA website.

### **Associate status may be cancelled if:**

- Associate is found to be non-compliant in the areas of governance (ATO, etc.) or Associate Criteria and does not rectify within 3 months.
- Enters into Receivership or Bankruptcy.
- Brings the TMAA into disrepute, whether by action or inaction.
- Associate fees are not paid by due date.

*Note: No compensation will be paid for part Associate Status if Associate Status has been cancelled.*

Trading terms in relation to any Associate fees is strictly 14 days from date of invoice.
