TRAFFIC MANAGEMENT  
ASSOCIATION OF AUSTRALIA

## TRAFFIC CONTROLLER ASSOCIATE STATUS OF THE TMAA

On behalf of the Traffic Management Association of Australia (TMAA) I would like to introduce myself as the current President. I come to this role with experience in senior executive management and industry operational practice. I believe our industry is on the cusp of great change, bringing about a more holistic approach to traffic management.

To this end, it is imperative we work together with our key industry representatives, our traffic controllers. It is you who deliver the operational design and strategies in a high risk environment every day and whose knowledge and practical applications are professional and safety focused.

The TMAA is proud to introduce Traffic Controller Associate Status to ensure the people with the most industry know how are able to provide input into the changing direction of traffic control across Australia. This Associate Status will provide an open communication channel to traffic controllers to access upcoming changes to traffic management training, implementation on the ground and national harmonisation of signage, licensing, qualifications and potentially uniforms. Our Association has as its key vision and mission the safety of all traffic controllers across Australia. We are not an industrial platform, but an education and policy influencer. We work with government at all levels and represent the industry and traffic controllers on committees across the nation.

As well, the TMAA has the opportunity to offer its traffic control Associates benefits outside the industry through our upcoming MyRewards program, which will provide access to shopping, health, gifts and a multitude of special offers.

We hope you will consider Traffic Controller Associate Status of the TMAA. Our application form is attached for your use and can be emailed to [memberships@tmaa.asn.au](mailto:memberships@tmaa.asn.au).

We look forward to welcoming you to the TMAA in your state or territory.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Andrew White'.
